All such bonds and sureties shall be subject to approval by the City Council. The cost of such bonds shall be paid by the City. All such bonds shall be kept in the custody of the City Clerk, except that the City Clerk’s bond shall be kept in the custody of the Mayor. As an alternative, as may be permitted and established by ordinance by the City Council, the City may procure and carry, at its expense, appropriate insurance covering financial losses, in lieu of requiring such bond or bonds, for all or for any one (1) or more officers, employees, or agents referenced above.

Section 9. Political activity prohibited.

Except for the Mayor, and members of the City Council other than the Mayor, no City employee or City official shall engage in political activity in support of, or opposition to, any candidate, party, or measure in any election, when on duty with the City or acting in their official City capacity. Section 10. Ethics policy.

The City Council, through ordinances codified in the Official Code of the City of Clarksville, shall create and maintain at all times a Code of Ethics. The Code of Ethics must address employees and elected officials of the City of Clarksville. The Code of Ethics must also contain a procedure for the logging of ethical complaints and the investigation of those complaints. The

Code of Ethics may be amended, altered, or changed only by a two-thirds (2/3) majority vote of the entire City Council.

ARTICLE VII. FISCAL ADMINISTRATION.

Section 1. Fiscal year.

The fiscal year of the City government, to include any City utilities, shall begin on July 1 and shall end on June 30 of the following year, or such other fiscal year as may be established by general law.

Section 2. Submission of budget.

There shall be submitted to the City Council a proposed budget for each fiscal year. Said budget shall be prepared under the direction of the Mayor for submission to the City Council.

Section 3. Action by council on budget.

(a) The City Council shall adopt an appropriations ordinance based on the approved budget. Appropriations need not be in more detail than a lump sum for each department and agency. The City Council shall not adopt any appropriations ordinance in excess of the available funds, except to provide for an actual emergency threatening the health, property, or lives of the inhabitants of the City; provided, that the City Council declares by resolution by unanimous vote that there is such an emergency; provided, further, that the City Council shall be empowered to borrow such funds as may be necessary to meet such emergencies.

(b) If a budget ordinance is not adopted before the beginning of the new fiscal year, the budget ordinance for the fiscal year ending on June 30, less any appropriations for capital expenditures (land, buildings, equipment, and infrastructure that cost more than five thousand dollars (\$5,000)), shall become the budget ordinance for the new fiscal year beginning the following July 1, until such time as a budget ordinance for the new fiscal year can be adopted. The City Council shall adopt a budget ordinance by vote of a majority of the City Council on two (2) separate readings. The budget ordinance as approved on first reading may be amended by the City Council during any publicly noticed voting session of the City Council prior to the second and final reading;

provided, however, that all such amendments shall be publicly noticed or disclosed prior to the adoption of the budget ordinance on the second and final reading. Amendments to the adopted budget ordinance may be approved by ordinance by the City Council at any time during the fiscal year by vote of a majority of the City Council on two (2) separate readings.

(c) The minimum requirements of the budget ordinance shall provide for the following:

(1) Estimates of proposed expenditures for each department, board, authority, commission, office, or other agency of the City, showing, in addition, the expenditures for corresponding items for the last preceding fiscal year, projected expenditures for the current fiscal year, and reasons for recommended departures from the current appropriation pattern in such detail as may be prescribed or required by the City Council. It is the intent of the City, that except for moneys accounted for in a fiduciary type fund that are excluded from the budget ordinance, all moneys received and expended by the City shall be included in a budget ordinance. Therefore, notwithstanding any other provision of law, the City may not expend any moneys regardless of their source (including moneys derived from bond and long-term note proceeds, federal, state, or private grants or loans, or special assessments), except in accordance with a budget ordinance adopted pursuant to this Charter and Article, or through a proprietary type fund or a fiduciary type fund properly excluded from the budget ordinance.

(2) Estimates of anticipated revenues of the City from all sources, including current and delinquent taxes, non-tax revenues, and proceeds from the sale of any bonds or long-term notes, with a comparative statement of the amounts received by the City from each of such sources for the last preceding fiscal year, the current fiscal year, and the coming fiscal year, in such detail, and consistent with the financial reporting within the comprehensive annual financial report to the State, or as may be prescribed or required by the City Council.

(d) The City Council may by ordinance establish regulations, rules, or procedures, in accordance with general law, as it may determine necessary, to implement the provisions of this section and to retain exemption from all budgeting provisions of the state Municipal Budget Law of 1982, as may be amended from time to time.

Section 4. Adequate accounting records, budgetary control, and annual audit.

A system of adequate accounting records shall be used and maintained in accordance with Generally Accepted Accounting Principles. Constant and comprehensive budgetary control shall be maintained. An external audit of all City funds shall be made in accordance with Generally Accepted Governmental Auditing Standards after the end of each fiscal year by an independent Certified Public Accountant experienced in such work.

Section 5. Property taxes.

All property, real, personal, and mixed, lying within the corporate limits of the City of Clarksville, subject to county or municipal taxes, as permitted by law, shall be assessed for taxation for municipal purposes by the City. All assessments of real property and of personal property shall be made annually and as of January 1 for the tax year to which the assessment applies as provided for and in accordance with general law. The Montgomery County, Tennessee, Assessor of Properties shall serve as property assessor for the City of Clarksville, and shall provide such information as is necessary to the City of Clarksville for the levying of property taxes.

Section 6. Tax levy.

The City Council shall by ordinance make a tax levy each fiscal year, expressed as a fixed rate per one hundred dollars (\$100) of assessed valuation in accordance with general law, and if no new tax levy is made, then the property tax rate in effect the last fiscal year shall continue in effect as the tax rate for the new fiscal year.

Section 7. Property tax due date, delinquent date, and tax bills.

The due date and delinquent date of property taxes shall be established by ordinance. The City Council by ordinance may allow semiannual installment payments for property taxes. The City may send tax bills to taxpayers, showing the assessed valuations, amount of taxes

due, tax due dates, and information as to the delinquency date, interest, and penalties. Failure to send the tax bills, or to provide any of the preceding information, shall not, however, invalidate any property tax. Interest and penalty shall be charged on any delinquent property tax at a rate to be established by ordinance. On and after the date when such property taxes become delinquent, the tax records of the City shall have the force and effect of a judgment of a court of record.

Section 8. Collection of delinquent taxes.

The Director of Finance and Revenue (Chief Financial Officer) shall collect delinquent taxes, interest, penalty, attorney's fees, and court costs due as permitted under general law, and as the City Council may provide for by ordinance. A lien shall exist against all property on which city property taxes are levied as of the assessment date as permitted by general law, and the lien shall have equal dignity with those for federal, state, or county taxes.

Section 9. Special assessments.

The City may assess all, or part, of the cost of constructing, reconstructing, widening, or improving any public way, sewers, or other utility mains and appurtenances, against the abutting property owners, under such terms and conditions as may be prescribed by ordinance. Such special assessments shall become delinquent thirty (30) days after their due dates (after the due date of each installment if paid on an installment basis), shall thereupon be subject to a penalty of five percent (5%), and shall thereafter be subject to interest at the rate of one-half of one percent (0.5%) for each month, or fraction thereof, until paid. A lien shall exist against the abutting property superior to all other liens, except that it shall be of equal dignity with liens for County and City property taxes, and said lien shall be enforceable by the same procedures, and using the same remedies, as provided in this article for City property taxes.

Section 10. Lien extends to fee and all interest in the land.

Said taxes shall be a lien upon the fee in said property, and not merely upon the interest of the person to whom said property is or ought to be assessed, but to any and all other interests in said property, whether in reversion or remainder, or of lienors, or of any nature whatever.

Section 11. Tax is not invalid because land is assessed to wrong persons.

The whole proceeding for collection of taxes, from the assessment to sale for delinquency, shall be a proceeding in rem, and shall not be invalid on account of such land having been listed or assessed for taxation to anyone as owner or owners, or to any person or persons not the owner or owners, or to any unknown owner or owners.

Section 12. Tax lien confined to leasehold where the fee, remainder, or reversion is exempt.

Where there is assessable under the law a leasehold interest in real estate or any improvements on real estate, which said real estate is exempt from taxation in the hands of and to the owner thereof, the taxes assessed against such leasehold interest or interest in improvements on such exempt real estate, shall be a lien only upon such leasehold interest or interest in improvements, and not upon the interest of the owner of the fee or the remainder or reversion of the fee.

Section 13. Owners not liable.

In all cases where a penalty is incurred for exercising a privilege without license, the interest that the person thus exercising the privilege without license has in the building, shall be liable for the penalty, superior to all other claims, except those owed to the state and county, but the interest of the owner of the building shall not be liable, unless he is privy to the violation of the law.

Section 14. Distress warrants.

The distress warrants authorized by law to be issued in such cases, if proceeded with to sale, shall operate as a writ of possession against the party exercising said privilege without license.

ARTICLE VIII. MISCELLANEOUS.

Section 1. Supervisory boards.

The City Council may elect or create supervisory boards of not less than three (3), nor more than seven (7), members, to be appointed by the City Council. No member of such boards shall be appointed for a period longer than three (3) years. The members of the first board may be appointed to serve for different periods so that the terms of office of its members shall not all expire the same year. To such extent and in such manner as the City Council shall

by ordinance determine, and in accordance with general law, these boards shall have general supervision and management control of and over the construction, maintenance, and operation of such plants, buildings, grounds, facilities, structures, systems, lines, and pipes, and over additions, extensions, and improvements thereto, and over the purchase, sale, and resale, or otherwise furnishing, of electric power, gas, water, sewerage disposal, telephone, cable television, Internet, and any other utility services, and the operation of recreational or entertainment facilities.

This limit may be modified and increased or decreased by ordinance by the City Council. Requirements for advertising shall be as established by ordinance by the City Council. All purchases shall be made within the limits of the approved budget for the department, office, or agency for which the purchase is made. The City Council may by ordinance establish all bidding and purchasing regulations or procedures in accordance with general law, as it may determine necessary, to implement the provisions of this section and to retain exemption from all purchasing provisions of the state Municipal Purchasing Law of 1983, as may be amended from time to time.

Section 4. Use of this act, City Code, and ordinances as evidence.

The Charter of the City of Clarksville, and all amendments thereto, are declared to be public acts, and may be read as evidence in all courts, which shall take judicial notice thereof.
